Current Year Draw Entries and Results

Once logged in, the **Draw Entries and Results** page has a drop-down menu which defaults to **"All Draws"** displaying your draw details for the current year. If this page is blank, you have not successfully entered any draws for the current year.

To view a specific draw, select a species (Antlerless Deer, Moose, Elk, or Controlled Deer) from the drop-down menu.

Each draw entry contains important details like your hunt choices, draw result status, successful choice and your group number (if applicable).

The Results column will display one of the following;

Pending (draw results not yet available) **Successful** (you were successful for one of your hunt choice(s))

Unsuccessful (you were unsuccessful as an individual or group)

Successful- Claimed (you were successful for one of your hunt choice(s) and claimed the tag)

Successful- Unclaimed (you were successful for one of your hunt choice(s) and did not claim the tag)

Group Success (you were unsuccessful, but a member of the group you applied with was successful)

Transferred (you transferred your validation or tag to another member in your group)

Received Transfer (you received a validation or tag through a transfer)

99Z Application (you applied, but did not want to draw a tag)

Excluded (you were not included in the draw)

The **Group #** column lists the group number that is shared with each member to join the group when applying to a draw.
