

How to view your moose points from your online account

Get ready to apply to the moose allocation by viewing your points online or by calling the automated phone line at 1-800-288-1155.

Step 1

Visit www.huntandfishontario.com and select **“Draw Entries and Results.”** then login to your online account. If you haven't already set up your online account, please reference the **How to create an online account** tip sheet.

Step 2

Once logged into your account, select the **“Moose Points”** tab from the Draw Entries and Results screen. Your points for the current year will be displayed on the screen. To see how your balance (points total) was calculated, your past moose draw applications will be displayed showing the years you applied and were awarded a point.

Point Calculations:

- A hunter will accumulate a single point in any year they apply to one or both allocation stages, if they don't claim a tag awarded based on points.
- If you claim a tag awarded based on points from the primary allocation or the first choice of the second chance allocation, your points will reset to zero. Having made a tag transfer, received a calf tag or surplus tag in previous years will not reset your points.
- You will retain your points and will gain a point if you claim a tag awarded to you on either your second or third tag choices in the second chance allocation.
- You can apply for a point directly in either stage in order to accumulate a single point per year.
- If you want to accumulate a point without being considered for a tag, you can select the WMU “99Z” with your first choice in either the primary or second chance allocation.
- Changes to your points will not be made immediately. Points will reset the following year.

For tips on how to view your draw history check out the **How to view your draw entry and results** tip sheet.

For help call the Natural Resources Information and Support Centre (NRISC) at 1-800-387-7011.
