Large Data Orders

The Ministry of Natural Resources and Forestry (MNRF) makes LiDAR and Imagery data available for order. FTP transfer is only being offered for orders of up to 16GB. Hard drive shipments are not currently being accepted at this time. To receive a copy of a large data product, follow the instructions below.

LiDAR Orders

1. Access data from the [Ontario GeoHub](#).
2. Access the Tile Index (.shp) under Additional Documentation
3. Email your tile order by providing a list of tiles in Excel (.xls) or a Text File (.txt) to lio@ontario.ca

Imagery Orders

1. Follow the [Imagery Order Form](#) directions.

As part of providing accessible customer service, please contact Land Information Ontario (LIO) if you have any accommodation needs or require communication supports or alternate formats. Email LIO Support at lio@ontario.ca.
